# Now I am Big Our New Baby

Our new baby holds our fingers  
And squeezes really tight.

She sometimes pulls our hair as we  
But we tell her that's not right.

Our new baby cannot dress herself  
Or undress again at night.

Welcoming a new baby into the family is a momentous occasion.

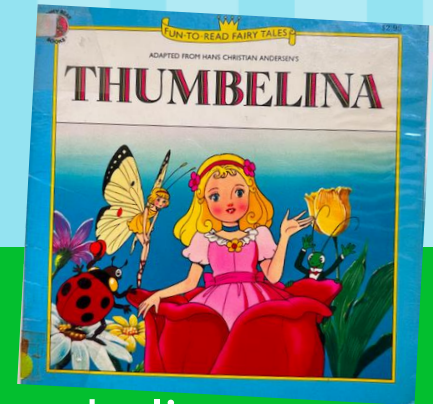

It can be a big change for the whole family, especially if you have an elder child.

This book is fun and adorable for the 3-5 year old who are welcoming a new baby into their home.

# #21011 Thumbelina

The classic tale of Thumbelina was originally penned by the renowned storyteller and author of fairy tales, Hans Christian Andersen, in 1835. It tells the story of a thumb-sized girl who endures many trials and tribulations before finding eventual happiness and belonging. Enter into the enchanting world of your favorite age-old fairy tale friends where fantasy and fun are brought to life on every page.

# #21107 Harry Hates Shopping!

Beginning readers will enjoy the humorous trials and tribulations of Mother Koala, as she discovers an original solution to the problem of kids who misbehave on a shopping trip.

"I don't want to go shopping," growled Harry.  
"I hate shopping."

"I don't," said Matilda. "I just love it. I'm going to buy some new boots. Red ones with plaid laces and furry insides."

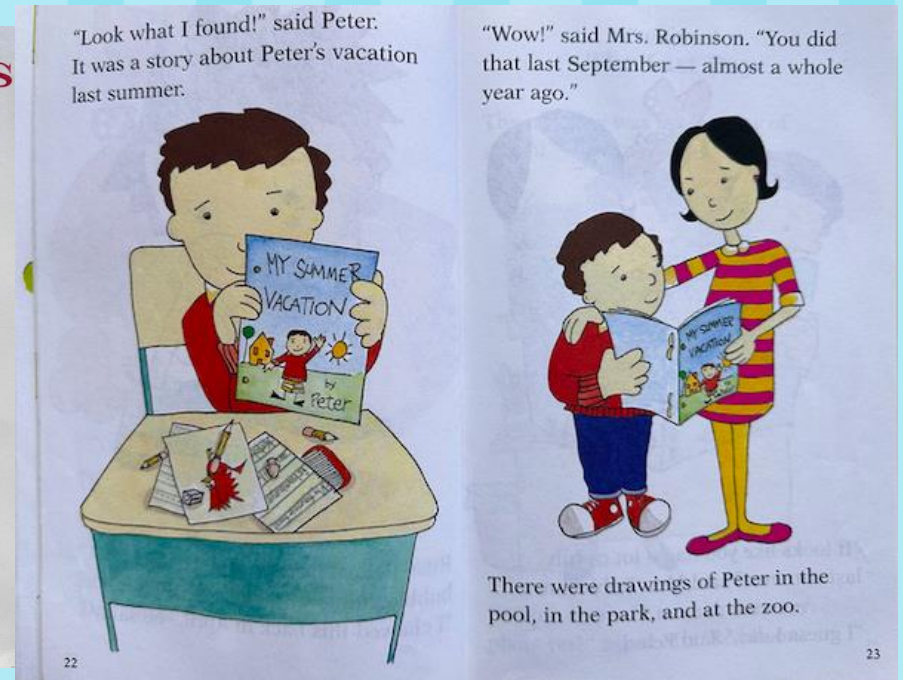

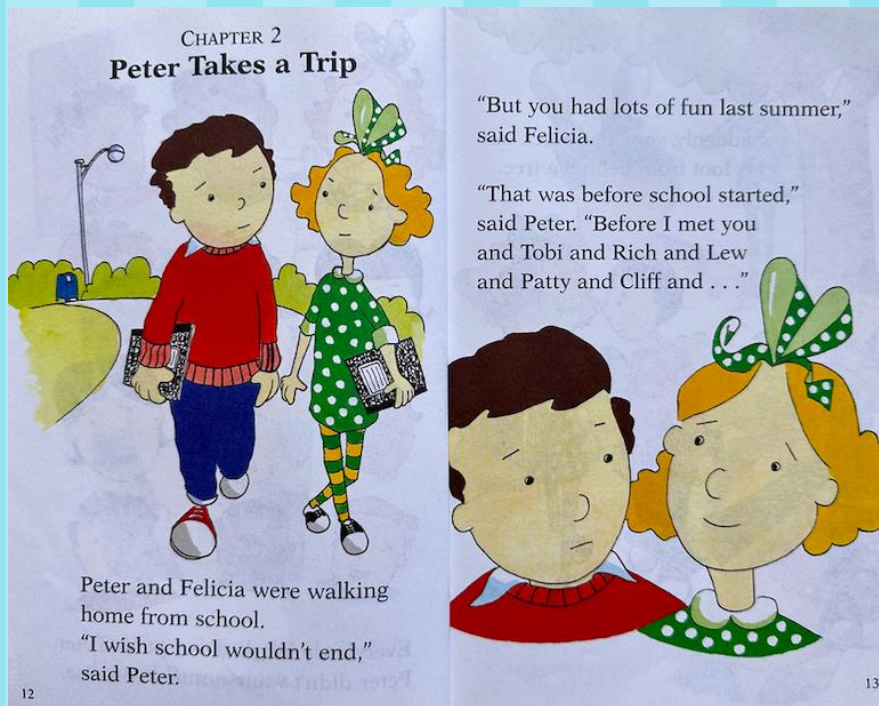

This is a cute little story of a mom and two kids, showing a creative solution of kids getting unruly during a shopping trip.
